

## KB - T14 AC Series Geared Motor Units

This geared motor was originally designed to complement our range between the FBT3 and UBT6. Designed with a slimline gearbox but with high torque capability allowing this unit to be used in many applications where space is limited but a high torque is required. Can be used with our protective plastic cover (as shown below right) designed specifically for this unit. Typical applications include pellet stoves, vending and actuation.

- Available with an AC SC9 motor in 6 stator stack sizes
- Output Torque: Up to 20Nm depending on motor size
- Hollow output wheel for interchangeable shafts
- Speed Range: 5rpm
